07

<b>Before</b>	105kg
<b>After</b>	77kg
<b>Lost</b>	28kg
<b>Time Frame</b>	16wks
<b>Height</b>	183cm

**“Herbalife has given me my life back.”**

Before Herbalife, Israel Hannant weighed 105kgs, suffered from a number of weight related health challenges and was lacking in energy. ‘I was very overweight. My Doctor told me that unless I did something about my weight, not only would I require knee surgery, but I was also a prime candidate for a heart attack or stroke.’

‘I started on the Herbalife programme and within the first six weeks I had lost 12kgs and went on to lose a total of 20kgs. Not only was I losing weight and changing shape but I noticed that my general vitality and stamina increased from day one.’

‘After losing the weight I felt like I wanted to exercise and be more active and by increasing my protein intake and drinking more of the Herbal Beverage, I maintained my weight loss and went down two more pant sizes in just two weeks!’

‘I have now lost a total of 28kgs. My vigour, strength and vitality have increased and I have dropped five pant sizes.’

‘I continue to use all of the Herbalife products and I feel fantastic every single day! Herbalife has given me my life back. Thanks Herbalife!’
